

## Selective Release for Discussion Topics

### Setting or Modifying Selective Release Criteria for Topics

You have the option to set selective release criteria for items. Setting release criteria for items allows you to control when and to whom the items are visible.

1. Next to the item for which you want to set or modify release criteria,
  - a. click the Action Menu icon 
2. Click Set Release Criteria
3. Set or modify the release criteria for the item.
  - a. **Add Date Criteria** – allows you to set an available starting and ending date.
  - b. **Add Member Criteria** – allows you to release based on individual students.
  - c. **Add Group Criteria** – allows you to release based on previously set up groups of students.
  - d. **Add Grade Book Criteria** – Allows you to base the release on another item such as completing an exam, turning in an assignment, completing a discussion topic posting, etc.
