

## Assigning your Template

### Assigning your Template with your Section

Once you have your template moved to the proper subject area (example: 1301), it will be ready to assign to your Section. Your section will appear in the Course List area of your My eCampus area.

1. Select the Section of your course from the Course List on the My eCampus page.

- An assign course content area will appear with four options. You will be selecting the third option for **Assign a template to this course**.

**Assign Course Content**

**Training\_Video - Section\_of\_Course**

You can assign content to this course from another course or start designing this course without assigning content. Select one of the options below and click Continue.

- Set up a blank course  
Select this option to start designing this course without assigning content.
- Copy content from another course  
Select from courses in which you are enrolled as a designer.
- Assign a template to this course  
Select from templates that have been associated with this course by an administrator.
- Import content from file  
Select this option to start importing course content from exported course file.

- Select **Continue**.
- The next screen will give you an option to select from the templates that you have associated with your course.

**Assign a template to this course**

Select from templates that have been associated with this course by an administrator.

Template Name ▾

- InstructorName\_Course\_Term  
Digital Imaging I

- Select the radio button next to the template you wish to assign to this section and then press Continue.
- Your template is now assigned to the course.
